We must make many stops and participate in many activities on our way to our final destination.

ABOVE RIGHT: Pam Cue struts in the good grooming club's fall fashion show, "The Way It Is."

LOWER LEFT: Mr. Ward seems to be having trouble staying on his donkey in the annual staff's presentation of "Donkey Basketball."

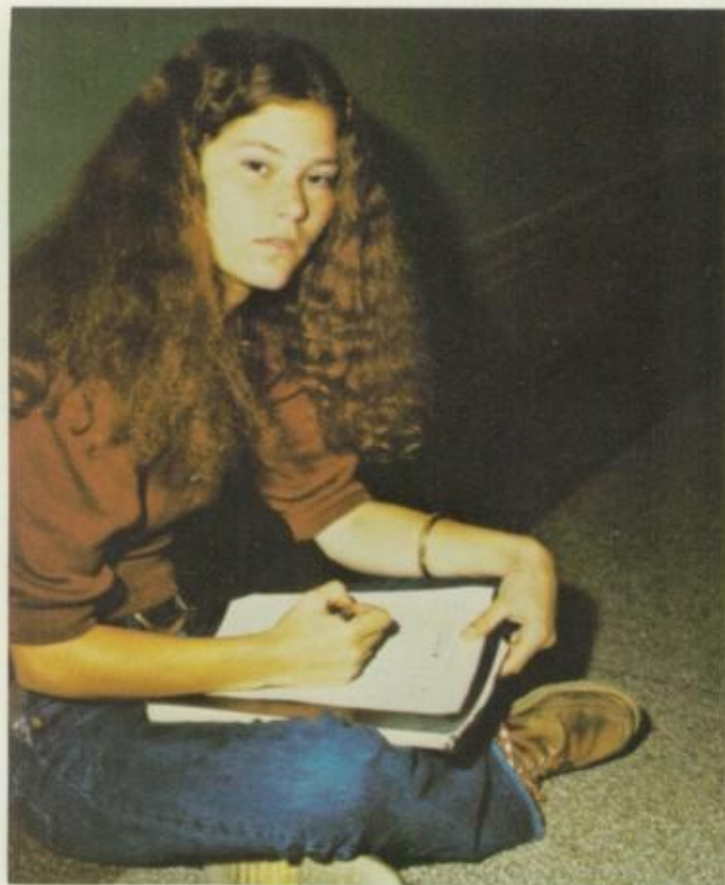

All along the road to our destination we must take time to relax and consider our future.

Mr. Lofell Williams, our principal, addresses the graduating class of 1974.

Dr. Donald Waldrip, Superintendent of Schools, congratulates senior class president, Darrell Guerrant.

We began the journey to our destinations with dreams and ambitions. Some we have accomplished. Many are yet to come.

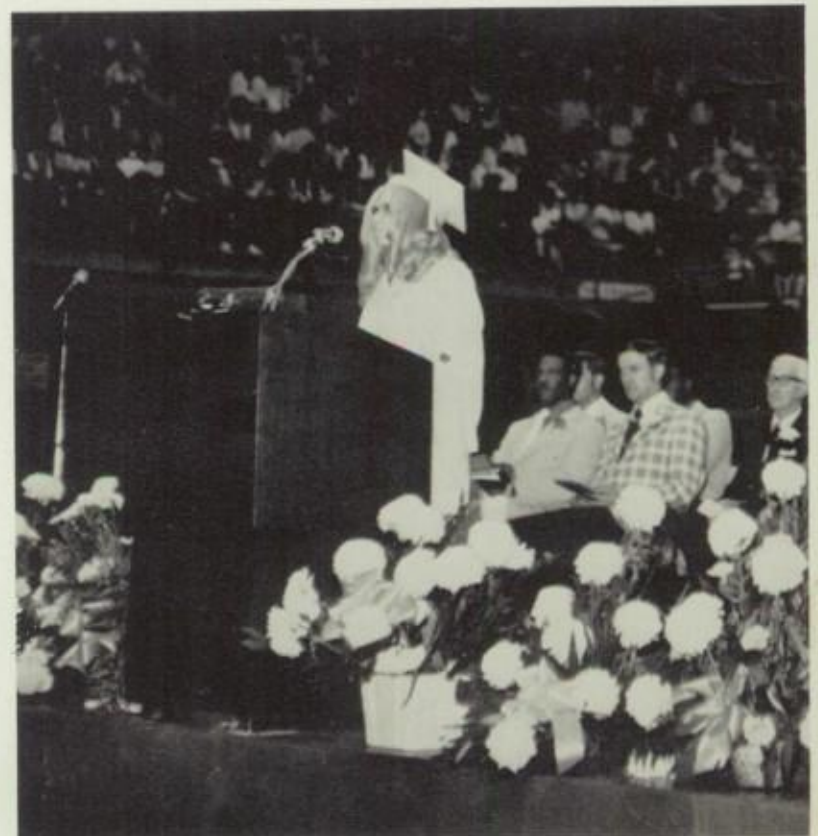

Graduation is one of many important steps along the way. But for us, at that moment, it was the culmination of years of happiness, frustration, excitement, and learning. It was our night!!!

The Graduating Class of 1974 sends the Graduating Class of 1975 best wishes and all the luck in the world.

Mr. Lofell Williams is Principal of Hughes High School. He has a Bachelor's Degree, a Master's Degree, and is presently working on a Doctoral Degree in Education.

Mr. Williams was a boxer in his youth. In June, 1964, he served as manager of a United States Goodwill tour of twelve African countries, which included five national amateur boxing champions and two coaches.

Mr. Williams has been involved with young people for many years. Some of his experiences have been quite exciting. He's been a Hamilton County Juvenile referee, Boy's Group worker and Athletic Director, Director of Preparation and Employment for Special Youth, a federal program, and a teacher and basketball coach. As you can see, we have a lot to be proud of with our outstanding principal.

# City-Wide Learning Community

The City-Wide Learning Community, a fully accredited program at Hughes High School, operates as a "school without walls." The staff and 150 high school students use the rich resources of Cincinnati - its people, places, and processes - to learn skills and information. C.L.C. learns by living, studying, and often working outside the classroom building with city people as the teachers. The program is non-graded and flexible.

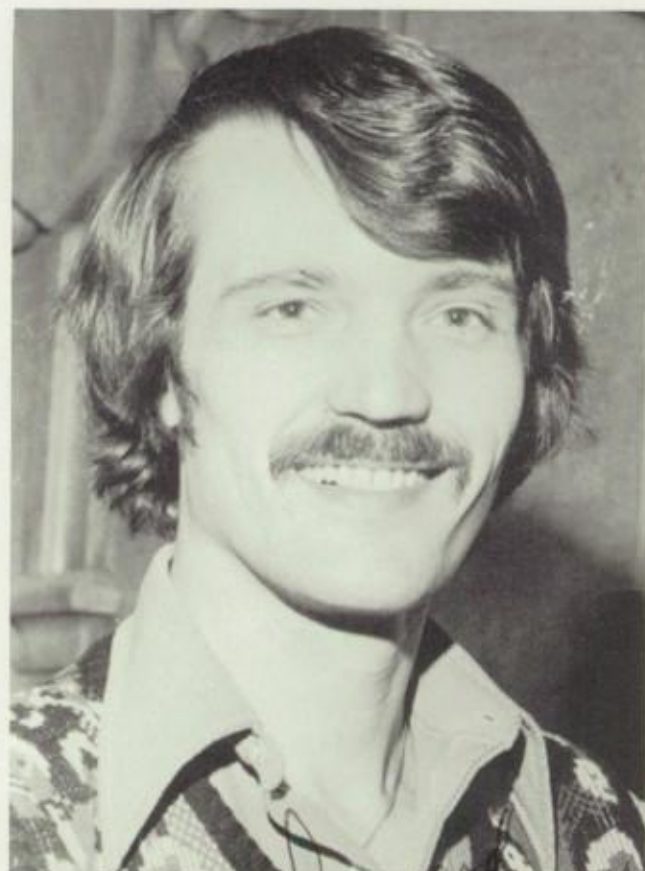

At City-Wide, each student designs an individual program using a number of different structures. We are attempting to move outside of the walls of our school building to increase the possible ways that a high school student can learn and receive credits. We have kept the best of the old but introduced the new. Some courses offered by City-Wide include: Debating, Cincinnati: Gateway to the South, T.V. Production, Copper Enameling, Black Poetry, Consumer Information, Study of the Occult, Advertising, History of the 60's, Self-Awareness, Algebra 1.

The objective of the Special Education Department is to have each student ready, upon graduation, to go out into the world with the confidence, knowledge, and skills needed to survive the demands required by our everyday changing society. We want to help each student develop his mind and skills to the fullest of his capabilities.

The student will then be able to use this knowledge and skill to work, live and contribute to society in a positive manner.

Because of many health needs of the students at Hughes, a Health counselor or school nurse is now in the school full-time through the D.P.P.F. Program. Her duty aside from the emergencies that arise, and everyday "sick call" is to see that any student with a defect or deficiency gets the proper medical care. She acts as a counselor regarding matters of health and consults with students, parents and educators in cases where there is a medical or psychological component to a student's failure of maximum achievement in school.

## Music Department

MR. EDDIE LOVE

The Music Department at Hughes High School is one that is on the move in becoming a great music department. At Hughes, Mr. Love is trying to establish and maintain a music curriculum that enables students to learn by emphasizing active participation in musical experiences in the school as well as in the community.

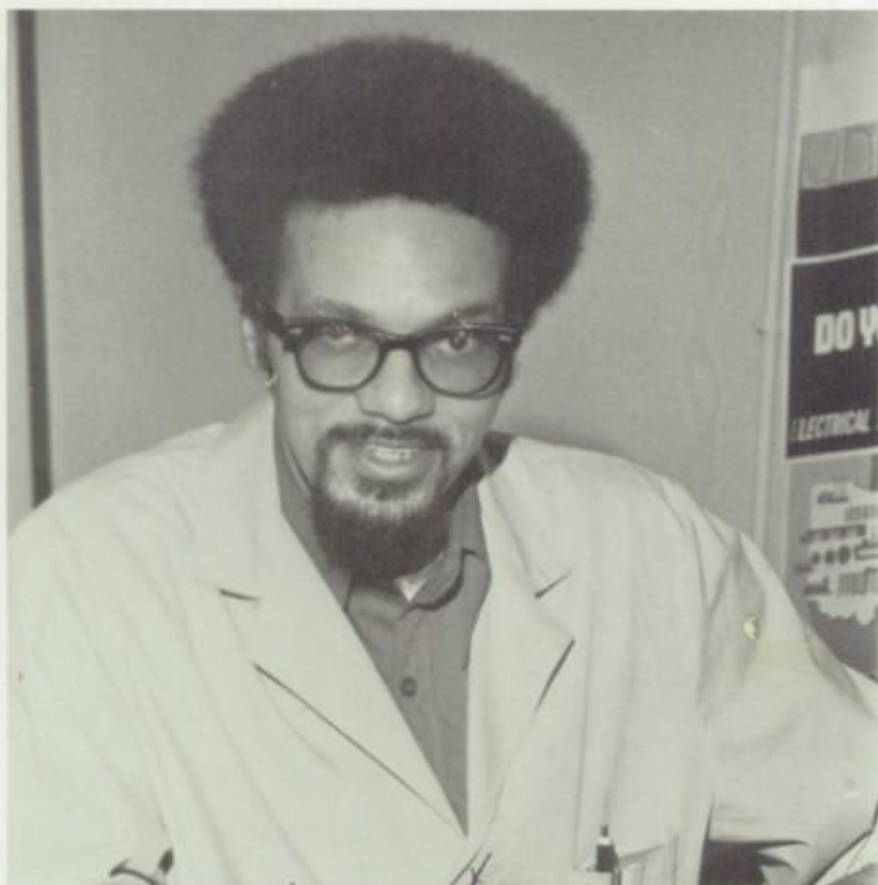

The music program at Hughes is divided into two departments: Instrumental and Vocal. The vocal music program consists of a Choir of 49 members; a Girls Glee Club of 27; and a Music Factory, which is a small ensemble of students varying from different organizations around the school that performs in different parts of the community. The instrumental music department has grown from about 12 members to about 150 or more students since 1973; it consists of a marching band of 82; concert band of 52; a jazz band of 18; and other small ensembles. Both the instrumental and vocal music departments are directed by Mr. Eddie Love, an outstanding musician in his own right.

Good wishes to you during the  
best wishes to you during the  
the summer of '75 and wish out  
for the summer of "K2" recurring.*

# Vocational Education

Vocational Education has expanded at Hughes High School in recent years. It is our hope that the new high rise vocational center will be open for use by the next school year. Approximately twenty programs will be housed in our ultra modern facility. Vocational Education has modern facilities, including a Performing Arts program, the only one of its type in the Cincinnati area, where students will learn about all aspects of the performing media. The vocational staff will be expanding with the many new vocational teachers we will hire for the center.

MR. JIM TEWEL

This year the Social Studies Department started the year with eight new faces because of the staff adjustments of last spring. Further adjustments this fall saw the department loose one of these new faces.

The department this year is offering courses in Anthropology, Black Culture, United States History, and Government, Urban Living, Current History and Modern History. In addition, we have some new courses and an experimental one.

Psychology is new this year. Students study human and animal behavior.

Student Leadership is a new course which is designed to help students learn more about themselves and other people.

World Culture replaces Geography this year. It deals in understanding of the culture of other people.

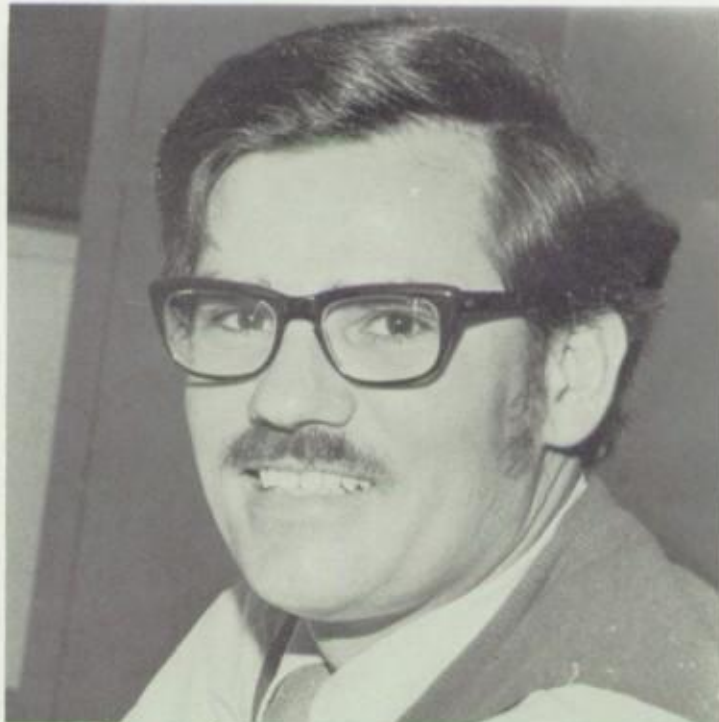

The final addition is Teenagers and The Law. This popular course deals with the student and his knowledge and attitudes in the legal areas of his environment. Studies in Urban Problems class continues in the second of a three year experiment. This course deals with the students' environments.

# Mathematics

The Math Department has a commitment to teach each student the mathematical concepts and computational skills which will allow survival in our technical society. This year special attention has been given to upgrade the arithmetic skills of all students taking mathematics. Individualization and enrichment lessons are now becoming commonplace in the mathematics classrooms.

# English

The English Department here is dedicated to the preparation of students for full satisfying lives. Because of that dedication we offer students choices in the courses they take, in the tenth, eleventh, and twelfth grades, after we have given ninth graders the background for enjoying and learning in the elective courses.

Classes last for one quarter, and during that time, students dig into literature of all types, media, language, speech and dramatics, reading, and composition courses. We think that English is fun, as well as necessary for anyone who wants to make it in this world. We try to teach in ways that show students how important English is.

The Business Education Department of Hughes High School serves the students by providing a variety of courses aimed at providing the technical skills and related information necessary for employment opportunities in many office and sales job areas. Courses offered include: Typing, Shorthand, Accounting, Record Keeping, Merchandising, General Business, and Business Math.

With the growing emphasis on Vocational Education the Business Staff has moved into specialized areas of instruction which include all of the above mentioned courses plus specialized skills. These specialized areas include, Stereo-Secretarial, General Office Specialist, Business Data Processing and Distributive Education with additional areas of instruction planned for the future.

# Science

The Science Dept. is alive and well at H.H.S. Under the direction of the well-qualified teachers in the department, students are able to acquire knowledge in several areas of science, such as Physiology, Botany, Chemistry, Zoology, Physics, Physical Science and many other related fields. The diversification of the teachers in the department is staggering, from Bird Watchers to performers. This year has been an outstanding year and the future looks even brighter. The Science Dept. will be striving to bring to the students of Hughes High School knowledge, understanding, and applications of the Changing World of Science.

# F.H.A. Club

Future Homemakers of America was founded June 11, 1945. It is to help youth assume their roles in society through Home Economics Education in areas of personal growth, family life, vocational preparation and community involvement. It provides opportunities at national, state, and local levels for student initiative and in planning and carrying out individual and chapter projects. F.H.A. emphasizes personal growth and individual desire to work toward change rather than toward a symbol of recognition and a status.

### No. 1 Hughes Bombs Taft

Southwell and Victor Mack Winters, the city's fourth leading mayor with 22 1/2 years, retired Winters, 68, through the city hall. Southwell earned 15 points, accounting for the last ballot of each period, and Winters added 11 as the Mayors finished the last period about 10:30 and the ball cast on 11:30.

The weight of this kind of evidence in the case of the latter structure of the second floor is not, however, as strong as that of the first drawing.

"There's no way they surprised us," laughed Elder coach Paul Frey. "They just have great physical ability. But we had to go to a zone and that hurt us."

Elder ran into early foul trouble, most notable with the loss of scoring star Kenny Henson, who watched

"We were surprised that they opened in a man-to-man," Daniels said. "And they can't stay in the zone too long, 'cause we've got some nice shooters."

The Big Red opened its biggest lead at 17 points, 43-26, just two minutes into the second half. The lead narrowed between 15 and 27 for the next six minutes, when

# Freshman Basketball Team!

1st ROW, Left to Right: B. Graves, D. Bates, D. Gazeway, C. Header, A. Wright. BACK ROW: R. Simmons, A. Coleman, B. Reid, R. Holloway, Coach Tewel.

"Even though my team had a poor record (2-10), I was proud of their hustle and desire. I wish them all the luck in the coming years!"

Mr. Tewel

# Baby Reds Play Skin-Tight Ball

D. Bates jumps up against Schwab.

C. Header shoots for two points against a Schwab defender.

Hughes Baby Reds run down to set up a defense.

Schwab defeated the Hughes 9th grade team 37-30 in the winner's gym. Schwab had a very good team and was high in the league standings. But the ninth graders of Hughes played a fine game in staying close. A bad start cost the visitors a possible victory.

# Track Team

Left to Right, 1st ROW: Jeff Anderson, Curtis Dunson, Tyrone Glover, Ronld Hamilton, Ronney Williams. 2nd ROW: Leonard Hunter, Donramon Johnson. 3rd ROW: John Johnson, Gilbert Orr, Eddie Smith, Richard Wright. NOT PICTURED: Claude Brown, Donald Gazaway, Michael Harvey, Tony Hicks, Robert Hogan, Michael Holley, Marcus Jackson, Marvin Lewis and Vince Smith.

The 1975 Track Team Coach is Mr. Julian Holland. March 17, Track Team won first place against Withrow in our first track meet.

NOTE: Due to our deadline, we were unable to get action shots of our 1975 Track Team. We know they will have an outstanding season.

Hughes had many pep assemblies to urge our teams on to victories. These shots were taken at our final pep rally before the Hughes-Woodward Tournament Game.

A lot of credit must be given to the Hughes Band, which supported our team at assemblies and almost every game. Thanks, Band, and a special thanks to Mr. Eddie Love, music director.

BELOW: Our outstanding master of ceremonies, for all the pep assemblies, Mr. John Reese.

Cheerleaders deserve a lot of thanks for all their support and spirit throughout all sports events.

# Join the people who've joined the Army.

Since the end of the draft a lot of young people are discovering a good place to invest their time. The Army.

They've come, over 300,000 strong, for things they may not have found anywhere else. Some came for the job training. Where else can you get your choice of over 300 good jobs? Some, for the chance to travel. Where else can you get to go almost anywhere in the world?

Some came for the personal challenge. Where else can you get as much responsibility right out of high school? Some, for education. Where else can you get such a good head start on college? (With up to 75% of your tuition paid for while you're in the Army, and 36 months of financial

assistance at colleges throughout the country when your enlistment's over.)

Some came for the financial rewards. Where else can you get a starting salary of \$340.10 a month (before deductions) and a raise to \$383.40 in just four months? (Plus free meals, housing, medical and dental care, a 30-day paid vacation every year, and low cost transportation to help you enjoy it.)

And some came for a different kind of reward. Where else can you do a service to yourself while you're being of service to your Country?

## Seniors Last Will and Testament

I, Vickie McWhorten, leave my voice, all my talent to the music department, and also my love to all underclassmen - good luck!!

I, Teresa Cutright, would like to will Angelina Turner a bigger and fuller bust; leave Vanessa Davis a carton of cigarettes; Mary Ice my orange and black gym shoe; my love to Robert Ice; all my troubles to the class of '76' and the staff.

I, Elijah Williams, leave to Patti Huff and Annette Sherrill my handsome face and masculine physique.

I, Derik Love, leave all my sweet love to my loving daughter, Ms. Debra J. Blackwell.

I, Lettie Reid, leave my loud mouth and my craziness to my sister, Rebecca Reid.

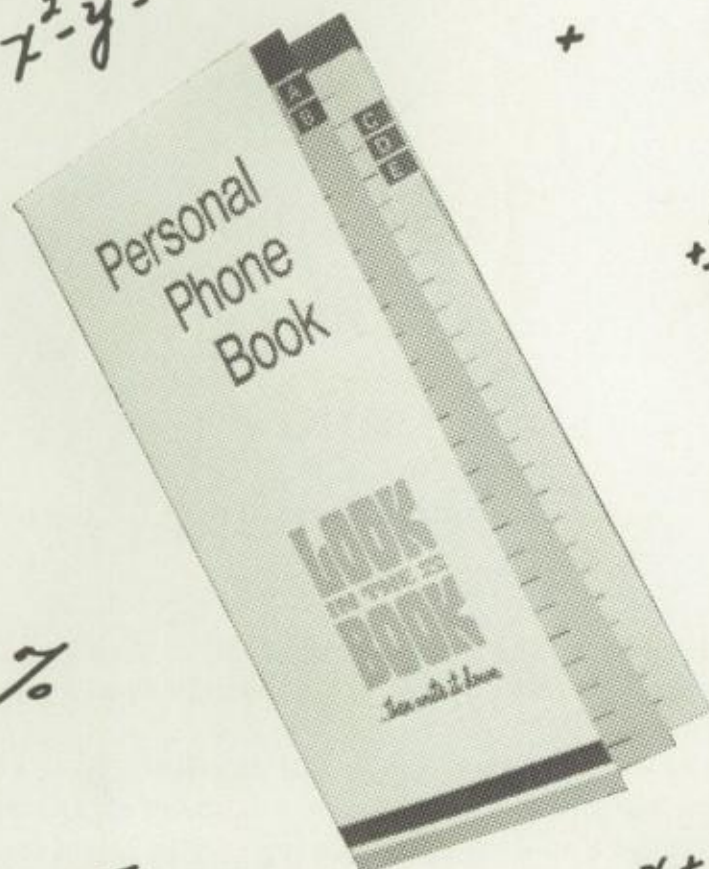

I, Karen McElroy, leave my brother, Jerry, my two front teeth (hope you can eat better now!).
